

**NOTE:** You will need a small photograph for this project.

## Instructions

1. Using the large hexagon pegboard, place all the beads for your project.
2. Cover the completed design with the ironing paper. Keeping the iron level, gently iron the beads in a circular motion for about 10 seconds to fuse the beads evenly. Ironed properly, the beads will still have an open center. On a 3-D project such as this, **DO NOT OVER-IRON** the beads as it will make the centers of the beads close and can make assembly difficult.
3. Once the design is cool, peel off the ironing paper. Lift your design from the pegboard; flip the design over and repeat step #2. Your pegboard and ironing paper are reusable.
4. Glue your photograph to the back of the frame. Insert frame into the foot.

### Bead Color/# Needed:

- Dark Green - 124
- Brown - 3
- Grey - 63
- White - 76
