

## YOU WILL NEED:

### Peg board:

Large Circle

### Bead Colors:

-  Butterscotch
-  Dark Blue
-  Black
-  White

You will also need craft glue to complete your projects.

## Instructions

1. Place your beads on the peg boards as shown. If you are using a clear peg board, slide the actual-size pattern underneath it.
2. Ask an adult to fuse your designs—see Fusing Instructions on page 2.
3. **Assembly:** Using the solid circle as the base, align and glue the first ring to the base. Repeat for the remaining rings.
4. To create the checkerboard pattern, align the black and white colors for the first 4 rows, then rotate them for the next 4 rows so that black aligns with white. Repeat every 4 rows.

### Bead Color/# Needed:

-  Black - 193
-  White - 24

**Bead Color/# Needed:**

- Black - 552
- White - 552

**Fusing Instructions—Only Adults Iron**

1. Place your peg board on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the peg board. In a circular motion, begin to iron the project. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

Note: Beads need heat for about 10-20 seconds per side to fuse evenly. Depending on the size of the project, additional heating time may be required. Since you are working on a 3-D project, DO NOT OVER-IRON the beads as it will make the centers of the beads close and can make assembly more challenging.

**Bead Color/# Needed:**

- Butterscotch - 745
- Dark Blue - 576
