

Trick or Treat Door Pouch

YOU WILL NEED:

Pegboards:

- Small square
- Small circle

Bead Colors:

- Orange
- Black
- White

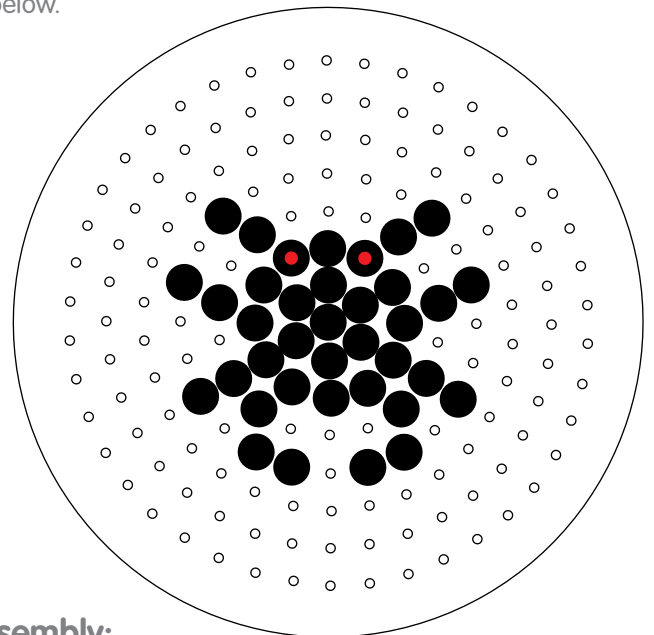

NOTE: You will need 3 bags of orange beads, and 1 bag of each of black and white. You will also need self-adhesive gems for the eyes of the bats and spider, thin string or beading thread, and a large blunt needle to complete your project.

Instructions

1. Place your beads on the pegboards as shown. If you are using a clear pegboard, slide the actual-size pattern underneath it.
2. Ask an adult to fuse your designs—see Fusing Instructions below.

Bead Color/# Needed:

- Black - 147

Assembly:

1. Add the self-adhesive gems for eyes in the positions noted by the red dots on the patterns above.
2. Insert 8" lengths of thread into the tops of the bats and spider to tie onto your completed pouch.

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

Note: Beads need heat for about 10-20 seconds per side to fuse evenly. Depending on the size of the project, additional heating time may be required.

Bead Color/# Needed:

-  Orange - 2018
-  Black - 224
-  White - 38

Instructions for Tubular Even Peyote Stitch

1. Thread 76 black beads onto a length of string to create the first two rows. This is represented in purple in our simplified diagram below. Make a simple overhand tie before beginning the next row.
2. Following the thread path shown in red, start the third row by threading on the next bead following the pattern (white). Go back through bead 2, thread on the next bead, go back through bead 4, etc.
3. To finish the pouch, lay it flat on your work surface. You should see that the beads of the bottom row appear to interlock. All you need to do is weave the thread in and out of this last row in a zigzag fashion and end with a secure knot.
4. Tie the two bats and the spider onto the pouch so they dangle.
5. Lastly, create a hanger by threading 10-15 black beads onto a length of string and secure it to the top row on the back of the pouch.
