

# Pretty Pink Earring Keeper & Switch Plate

## YOU WILL NEED:

### Peg Board:

Large Square

### Bead Colors:

-  Light Pink
-  Bubblegum
-  Pink

-  Kiwi Lime
-  Turquoise
-  White

You will also need hook and loop tape to complete your project.

## Instructions

1. Place your beads on the peg board as shown. If you are using a clear peg board, slide the actual-size pattern underneath it.
2. Ask an adult to fuse your designs—see Fusing Instructions on page 2.
3. **Assembly:** Slide the feet onto the earring keeper as shown in the photograph. Use the hook and loop tape to attach your Perler Beads switch plate over your existing switch plate.

### Bead Color/# Needed:

-  Light Pink - 129
-  Bubblegum - 224
-  Pink - 60
-  Kiwi Lime - 32
-  Turquoise - 68
-  White - 24

## Fusing Instructions—Only Adults Iron

1. Place your peg board on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the peg board. In a circular motion, begin to iron the project. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

Note: Beads need heat for about 10-20 seconds per side to fuse evenly. Depending on the size of the project, additional heating time may be required. Since you are working on a 3-D project, DO NOT OVER-IRON the beads as it will make the centers of the beads close and can make assembly more challenging.
