Locker Lingo

perler®

YOU WILL NEED:

Pegboard:
• Large square

Other:
• Letter Lingo Activity Bucket
• Foam adhesive tape
• Craft glue

Bead Colors:
● Black - 60
✳ Zebra Stripe - 96
● Pink - 76

General Instructions
1. Place the beads on the pegboard following the pattern.
2. Ask an adult to fuse your designs—see page 2 for further instructions.

Large Letters
Decide which letters you want to make. Use the alphabet patterns included in the Letter Lingo activity bucket. For this color scheme, use the zebra stripe beads to make the letters and the pink beads as the background. Or use YOUR favorite colors. See the example below.

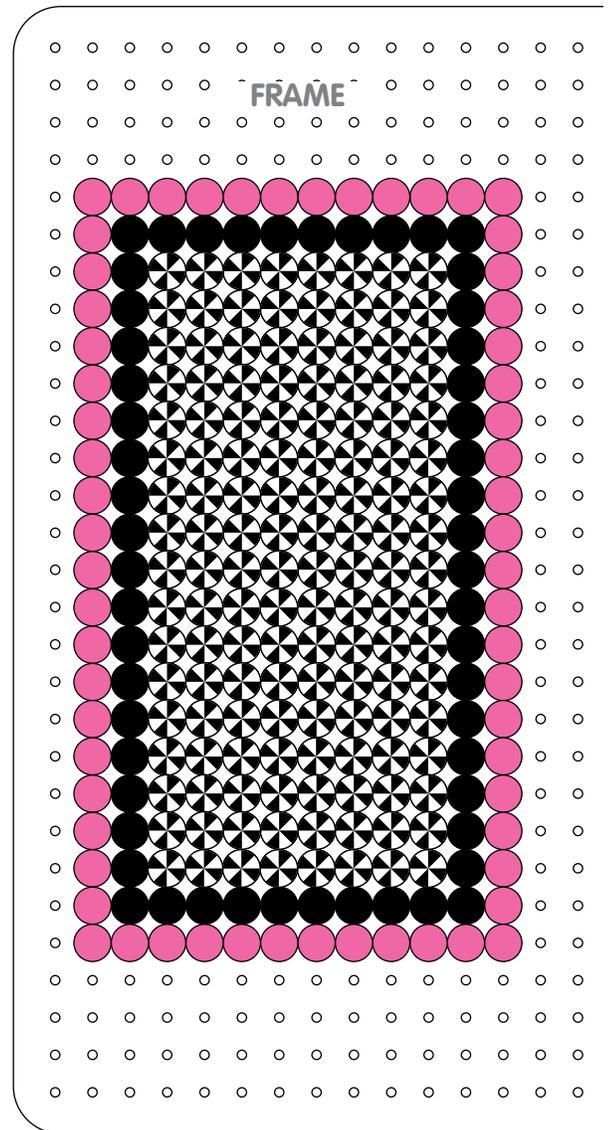

Apply pieces of foam adhesive tape to the backs of your large letters.

Small Letters
Create your message with pink beads in a block letter style of your own design. Apply foam adhesive tape to the backs of the letters. Arrange the letters to spell your message!

Frame
Apply letters to the frame with craft glue. Attach foam adhesive tape to the back of the frame so you can display it in your locker.

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.

2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.

3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required. DO NOT OVER-IRON the beads as it will make the centers of the beads close and can make any assembly you do with your project more challenging.
