

YOU WILL NEED:

Pegboard:

- Small hexagon

Optional:

- Magnetic tape
- Keychains
- Foam adhesive

Bead Colors:

- White - 186
- Black - 80
- Orange - 114
- Light Brown - 43
- Red - 22

Instructions

1. Place your beads on the pegboards as shown. If you are using a clear pegboard, slide the actual-size pattern underneath it.
2. Ask an adult to fuse your designs—see page 2 for further instructions.

ASSEMBLY

The Perler sports balls can be used as refrigerator magnets, keychains or other room decor items.

Decorate a picture frame:

Attach the sports balls to the frame with foam adhesive.

Magnets: Cut magnetic tape and add to the back of the ball to stick it to your locker, fridge, anything metal!

Keychains: Leave one bead out of the design near the edge and add a keychain through the opening.

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required. **DO NOT OVER-IRON** the beads as it will make the centers of the beads close and can make any assembly you do with your project more challenging.
