Other:

Iron and ironing paper

Tweezers

Scissors and double-sided tape

Thin cardboard

Satin ribbon 1-1/2" wide in matching colors

Bead Colors:

● Blush - 54

● Hot Coral - 78

● Blueberry Cream - 60

● Periwinkle Blue - 126

● Dark Blue - 114

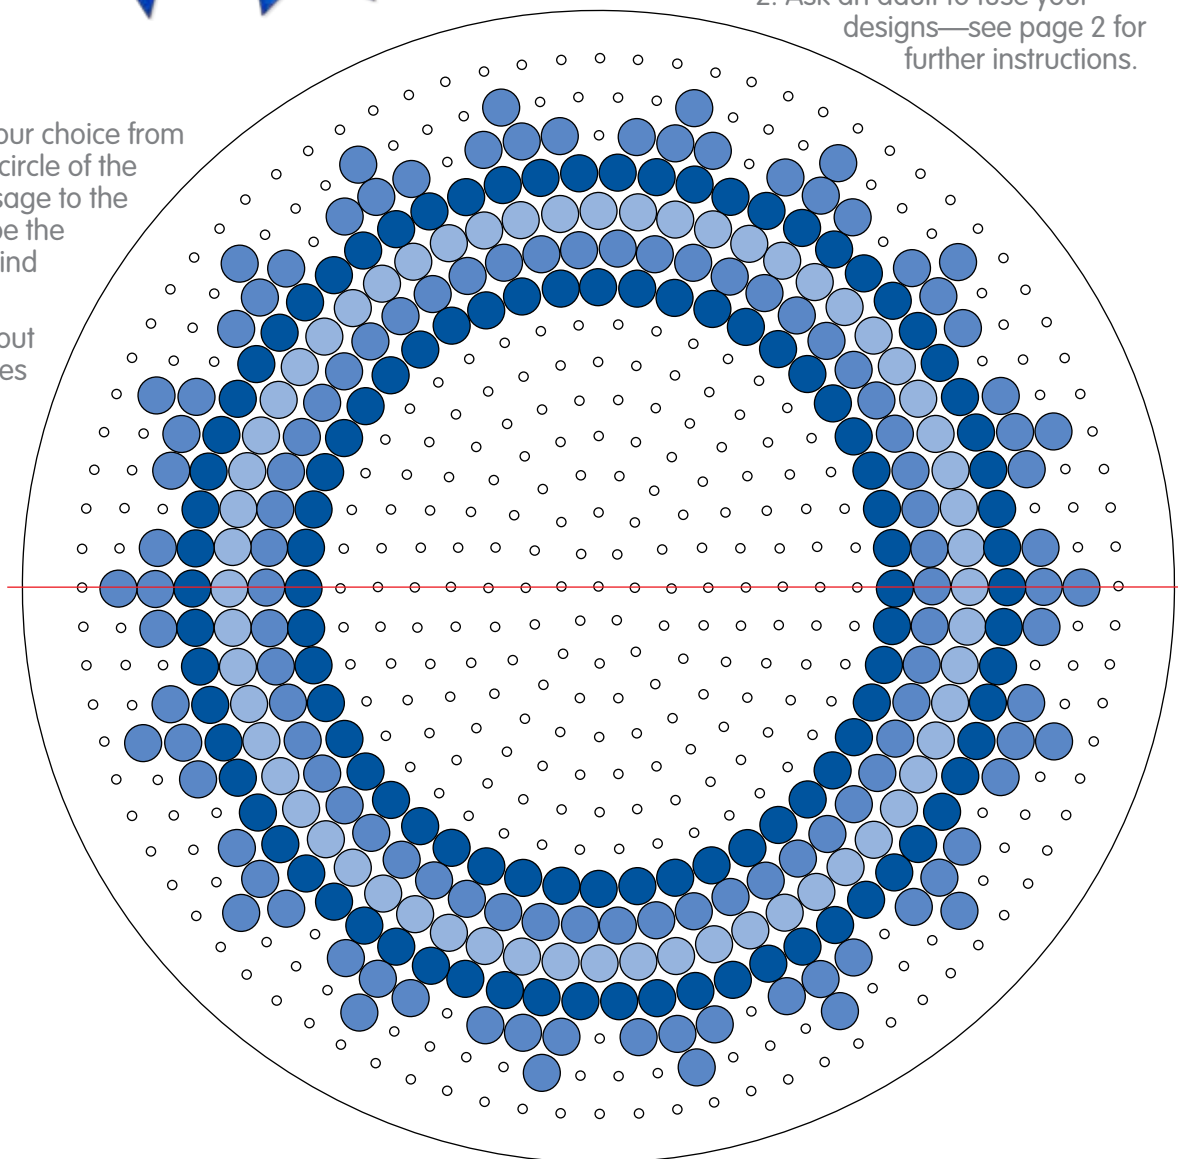

Instructions

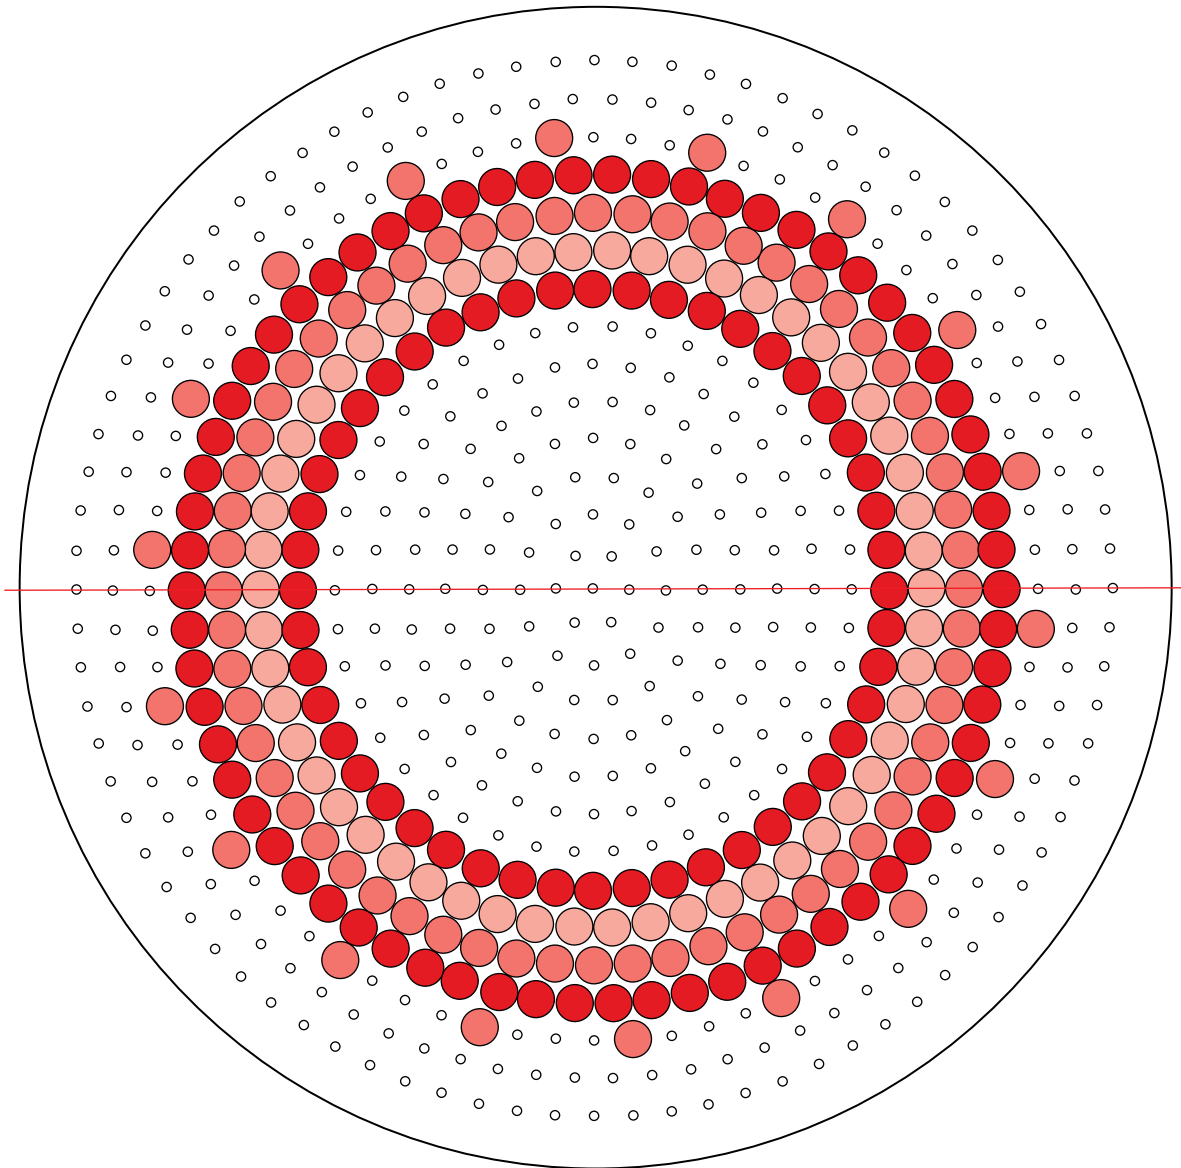

1. Position your circle pegboard with the straight row of pegs running horizontally as shown by the red line on the pattern. If you are using a clear pegboard, slide the actual-size pattern underneath it. Place your beads on the pegboard as shown.
2. Ask an adult to fuse your designs—see page 2 for further instructions.

Assembly

Cut out the message of your choice from page 3. Cut a cardboard circle of the same size. Tape the message to the cardboard circle, then tape the assembled message behind the design.

Cut 2 pieces of ribbon about 6" long. Cut angled notches at one end. Tape the ribbons to the cardboard to hang as shown.

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely. Your pegboard and ironing paper are reusable.

NOTE: Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required.
