

Mini Beads Camera Necklace

YOU WILL NEED:

Pegboard:

Mini beads pegboard

Other:

Iron and ironing paper

Mini Beads tweezers

Necklace chain

Two 1/4" jump rings

Small needlenose pliers

Bead Colors:

● Light Blue - 15

● Tan - 40

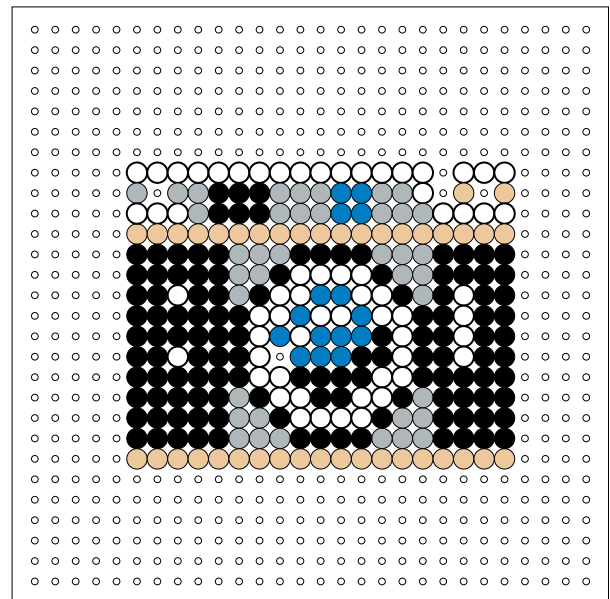

● Grey - 39

● Black - 123

○ White - 63

Instructions

1. Slide the actual-size pattern underneath the pegboard. Place your beads as shown.
2. An adult should fuse the design—see below for further instructions.
3. Assembly: With the pliers, open the jump rings and slide through the open holes in the upper corners of the camera. Slide the chain onto the jump rings, then close the rings with the pliers.

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely. Your pegboard and ironing paper are reusable.

NOTE: Beads need heat for about 10 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required.
